INDEPENDENT AUDITOR'S REPORT

Report on the Statement of Cash Receipts and Payments

I have audited the accompanying Statement of Cash Receipts and Payments of the Telecommunications Commission of Solomon Islands, which comprise the Statement of Cash Receipts and Payments for the period from 11 January 2010 to 31 December 2010, and a summary of significant accounting policies and other explanatory information.

Responsibility for the Statement of Cash Receipts and Payments

The Telecommunications Commission of Solomon Islands are responsible for the preparation and fair presentation of the Statement of Cash Receipts and Payments in accordance with International Public Sector Accounting Standards: Financial Reporting under the Cash Basis of Accounting (Cash Basis IPSAS) and the Grant Agreements between Solomon Islands, the International Development Association, AusAID and RAMSI and for such internal control as management determines is necessary to enable the preparation of a statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on the Statement of Cash Receipts and Payments based on my audit. I conducted my audit in accordance with International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement of Cash Receipts and Payments is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement of Cash Receipts and Payments. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Statement.

This opinion is being given to satisfy the requirements of the Grant Agreements between Solomon Islands, the International Development Association, AusAID and

RAMSI. In giving this opinion, I do not accept or assume responsibility for any other purpose or to any other person to whom this report is shown or in the hands it may come save where expressly agreed by my prior consent in writing.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

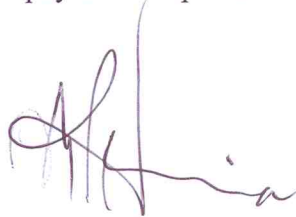

Opinion

In my opinion, the Statement of Cash Receipts and Payments presents fairly, in all material respects, the receipts and payments of the Telecommunications Commission of Solomon Islands for the period from 11 January 2010 to 31 December 2010 in accordance with Cash Basis IPSAS.

Report on Other Requirements

As required by my terms of reference, I also report that, in my opinion, in all material respects:

- (a) The cash receipts reported on the Statement of Cash Receipts and Payments were used for the purposes of the Project and not for other purposes;
- (b) The receipts and payments reported on the Statement of Cash Receipts and Payments were in accordance with the Grant Agreements between Solomon Islands, the International Development Association, AusAID and RAMSI;
- (c) Adequate supporting documentation has been maintained to support the payments reported on the Statement of Cash Receipts and Payments.

Report of the Implementing Agency

I was appointed the Solomon Islands Telecommunications Commissioner on 16 June 2011. In such capacity, I am responsible for the management of funds provided by donors to support the Telecommunications Commission of Solomon Islands (TCSI). Initial funding of SBD \$1,978,750 was provided by AusAid and SBD \$2,041,320 by RAMSI to provide funding for the creation of the Telecommunications Commission including capital acquisitions. The grant is made to the Government and the Telecommunications Commission is the Project Implementing Entity. Grant money was accessed and used by the Telecommunications Commission during 2010.

I certify that the attached Statement of Cash Receipts and Payments presents a true and fair view of the cash receipts and payments of the TCSI for the year ended 31 December 2010.

Statement of Cash Receipts and Payments
For the Period from 11 January 2010 to 31 December 2010

Notes to Statement of Cash Receipts and Payments

1. Statement of Accounting Policies

a Basis of Preparation

The Statement of Cash Receipts and Payments has been prepared in accordance with the International Public Sector Accounting Standards under The Cash Basis of Accounting (Cash Basis IPSAS). Comparative information has not been included as this is the first time the program has adopted Cash Basis IPSAS.

The accounting policies have been applied consistently throughout the period.

The annual financial reports include standard reports required by the World Bank

b Reporting entity

The Statement of Cash Receipts and Payments is for the Telecommunications Commission of Solomon Islands which is a Government Telecommunications Regulatory Authority established under the Telecommunication Act 2009.

The TCSI was initially financed by RAMSI and AusAid, each contributing SBD \$1,978,750 and SBD \$2,041,320 respectively to meet the start-up costs of the TCSI, including capital expenses.

The Financing Agreement between the Solomon Islands Government (SIG) and the International Development Association (IDA), Project Agreement between TCSI and IDA and Subsidiary Agreement between TCSI and SIG was officially signed on 22 June 2010. It sets out the contractual agreements to fund and administer the Telecommunication and ICT Development project activities until March 2015. TCSI was appointed as the Project Implementing Entity of the project. The Project funding is a grant equivalent to USD 5.99m jointly financed by the World Bank and AUSAID (through Pacific Regional Infrastructure Facility Trust Fund).

c Reporting Currencies

The annual accounts are presented in the currency of the Solomon Islands, the Solomon Islands dollar (SBD).

d Foreign Currency Transactions

Transactions in foreign currencies are recorded at the exchange rate received at the date of the transaction.

e Budget

The TCSI budget is publicly available on the organisation website: <http://www.tcsi.org.sb/about-us/budget>. The budget is primarily a 3-year rolling budget for the period 2011 to 2013, as required by the Telecommunications Act. No budget was prepared for 2010. However the rolling budget recognises funds received from the World Bank and from exercise of the bemo demand guarantee in 2010 because expenditures were made from these revenue sources in 2010 and therefore impact the funds available in future years (2011-2013). Since no budget was prepared for 2010, it is not possible to make a comparison of the actual figures for 2010 against any budgeted figures. TCSI will provide an assessment of the rolling budget and actuals at the end of financial year ending 31 December 2011.
